- **Certifications:** Make Certified (Foundation, Basics, Intermediate, Advanced), Zapier Certified (AI Builder, MCP, & Account Admin Essentials Paths), HubSpot Service Hub Software Certified

EXPERIENCE

Independent Automation Projects *(Self-Employed)* January 2026 – Present

Virtual Assistant & Automation Specialist

- Built **10 automation prototypes** with video walkthroughs: an e-commerce AI assistant (n8n), a financial contract risk screener (n8n), a multi-channel social repurposing engine (n8n), an AI email assistant (Make), and a lead onboarding workflow (Zapier).
- Set up the **operating base** for an independent VA practice: a portfolio site with booking, intake, onboarding and feedback forms, contractor agreement, SOPs, and 6 admin and operations case studies.
- Completed **14 certifications** in Make, Zapier, and HubSpot Service Hub, and applied the Make and Zapier training to the prototypes above.

Accenture Inc. October 2022 – July 2025

Workforce Management Apprentice, Customer Service

- Managed daily schedules, attendance tracking, and staffing for **100+ agents** to ensure 100% payroll alignment, while monitoring schedule adherence, resolving coverage gaps, and sending callout alerts to keep daily operations on track.
- Converted raw workforce metrics **(utilization, attendance, billable hours)** into structured Google Sheets reports using formulas for record-keeping and weekly team lead syncs, with no errors flagged.
- Achieved a **100% QA score for 12 consecutive months** with zero errors by evaluating 40+ digital survey entries daily, applying content policies and enforcing data hygiene following platform standards.

Trust & Safety - Content Analyst

- Reviewed **28+ app submissions and metadata daily** for policy compliance, earning **Top Performer recognition (Q2/Q4 2023)** for decision-making and attention to detail.
- Conducted detailed reviews on **Digital Services Act (DSA)** appeals and resolved urgent, high-impact, disputed cases and policy violations to protect platform integrity, contributing to a **19-month zero-error record** with zero client escalations.
- Handled user and client app expedite requests through a ticketing system within a **strict 1-hour turnaround time (TAT)** with zero expired requests and a 100% resolution rate.
